PROFESSIONAL SUMMARY

Passionate about data analytics and AI, with a focus on leveraging data-driven insights to optimize business processes and automation workflows. Proficient in Python, SQL, Excel, and Power BI, with strong analytical thinking and attention to detail. A quick learner with a proactive approach to problem-solving, committed to continuous learning in data-driven environments.

EDUCATION

SRM Institute of Science and Technology Chennai, India <i>B.Tech Information Technology</i>	CGPA: 8.39 / 10.0 <i>May 2025</i>
Sri Sankara Vidyashramam Mat. Hr. Sec. School Chennai, India <i>12th</i>	Percentage: 78.15% <i>2021</i>
Sri Sankara Vidyashramam Mat. Hr. Sec. School Chennai, India <i>10th</i>	Percentage: 66.40% <i>2019</i>

EXPERIENCE

Standard Chartered Global Business Services <i>Technology Apprentice</i>	July 2025 - Present <i>Chennai, India</i>
• Pursuing a 12-month Technology Apprenticeship program, developing practical expertise through structured training gaining hands-on experience through an AI bootcamp covering Data Science and AI involving day-to-day problem-solving tasks. • Gained Developing an AI-powered governance automation solution using GitHub Copilot and python, transforming business inputs into solution intent document, aiming to reduce manual effort through reduced user input.	
InnoByte Services <i>Data Analyst intern</i>	Jan 2025 – Feb 2025 <i>Chennai, India</i>
• Analyzed, cleaned, and visualized datasets to drive strategic business decisions. • Utilized Python, SQL to extract insights and optimize operational processes.	

PROJECTS

AI-Assisted Solution Intent Generation - GitHub Copilot-Assisted Solution Intent Automation
• Developing a GitHub Copilot-assisted automation workflow that converts business requirement inputs into solution intent documents, creates linked Azure DevOps SI work item, and automatically triggers slot-booking email and meeting invite. • Used a custom Copilot instruction file to set and control the workflow and Python scripts to perform document parsing, Confluence page handling, Azure DevOps SI work item creation, and automated slot-booking and meeting-invite actions.
Personalized Nutrition Guidance Chatbot using Dialogflow - Nutrition guidance and risk assessment chatbot
• Developed nutrition guidance and risk assessment chatbot using dialogflow, leveraging intents and entities to deliver personalized interactions. • It focuses on empowering individuals with personalized risk assessments and tailored nutrition guidance.

PUBLICATION

Empowering Individuals Through Personalized Risk Assessment and Nutrition Guidance Chatbot <i>Springer Nature's Lecture Notes in Networks and Systems (LNNS)</i>
• Lead Author and Corresponding Author of the research paper titled "Empowering Individuals Through Personalized Risk Assessment and Nutrition Guidance Chatbot" (Paper ID: 468). • The paper was ranked in the top 80 out of 400 submissions at the MP-TEAS 2024 Conference, showcasing its innovative approach. The study focuses on developing an AI-driven chatbot for personalized health risk assessment and nutrition guidance. • The paper is published in Springer's Lecture Notes in Networks and Systems series (Vol. 1379) as part of Modern Practices and Trends in Expert Applications and Security (MP-TEAS 2024), on 21 August 2025.

TECHNICAL SKILLS

Programming Languages: Python, SQL

AI / Data Skills: Data Analytics, Exploratory Data Analysis (EDA), Feature Engineering

Developer Tools: GitHub Copilot, Jupyter Notebook, VS Code, GitHub, Azure DevOps

Analytics & Visualization Tools: Power BI, Tableau, Excel

Database: MySQL

Other Tools: Figma

Coursework: Data Analytics, DBMS, Artificial Intelligence, Data Science, Machine Learning

Soft Skills: Teamwork, Leadership, Decision-Making, Problem-Solving

CERTIFICATES

- **Database Management System (DBMS)** - *NPTEL*
- **Certification of Research Presentation** - *IES University, Bhopal*
- **Data Science with AI** - *Besant Technologies*
- **Tableau** - *Besant Technologies*
- **Power BI** - *Besant Technologies*
- **MySQL** - *Besant Technologies*
